

*“Azalea,
please.”*

Exercise Your Right to Choose

Getting the highest quality orthopedic care should be easy. It is, but only if you ask for it. At Azalea Orthopedics, we want you to have the care you deserve. That’s the reason we want to make sure you ask for Azalea Orthopedics by name when visiting your family physician or any area emergency room. No one can make that choice for you nor take it away from you. It’s up to you.

Does the Hospital or ER Decide? No.

Intentionally or otherwise, patients of some providers are confused by statements such as “Not in our network” or “Your doctor is not available”. Azalea physicians are on call 24 hours a day, 7 days a week. When you go to the doctor, the emergency room or any other medical facility, it’s your choice who treats you. But, in order to get the quality care you deserve, you must ask for it by name.

Azalea Orthopedics

Does the Insurance Company Decide? No.

Azalea Orthopedics ACCEPTS and is IN NETWORK for almost all insurance carriers INCLUDING BLUE CROSS/BLOCK SHIELD. In addition, emergency room visits are covered by all insurance carriers, regardless of the provider. You are free to choose, but to get the quality care you deserve, you must ask for it by name.

Azalea Orthopedics

Does the Government Decide? No.

Recent new health care legislation may lead many to assume that they do not have a say in where they are treated. That is not the case. You are free to choose, but in order to get the quality care you deserve, you must ask for it by name.
